BEFORE-INVVENTORY SALE.

Our eighth annual sale of Muslin Underwear, which created so many comments as to selection and prices, will be continued the balance of this week. Specials in every line will be the attraction. If you have not already been one of the patrons, do not fail to come and see the many pretty things so little priced. Second floor.

A half million dollars' worth of honest merchandise at the mercy of our patrons. We are going to, by strenuous efforts, try to rid ourselves of at least half of this immense stock before inventory. We know that it will take a good deal of ingenuity and hard work to do it, but the methods by which we hope to accomplish this great undertaking may be an easier task than we have planned. Our idea is to sacrifice every penny of profit, and in many cases include part of the cost. We know unless we do this it will be useless to appeal to you. A good beginning in this case shall not be a bad ending, but a truly worthy one.

The greatest of all notion sales, which made its debut today, has surely been appreciated by the crowds of buyers. It has never been equaled in Washington. We have promised to make it a four-days' sale. Therefore, it will be continued for the balance of the week. The same goods and the same prices will hold good. On sale first floor—Section E.
